AGREEMENT

To commission a painting, please schedule an appointment at Carole's Gallery & Studio where all details of the desired painting can be discussed. If that is not possible, no problem. Details can be discussed over the phone, at another location or via email.

Commissioned paintings require the signed agreement included in this information and 1/3 of the cost of the painting as a deposit before work will begin on the painting.

Balance of painting is due when painting is complete. Financing is also available—please inquire.

Once the painting is complete according to the agreed-upon goals for the painting, there will be a **first client viewing** of the painting at Carole's studio or through an emailed photograph of the painting if client lives out of Athens, Alabama. Changes agreed upon at this viewing will be free of charge.

If changes are requested at the **second viewing**, after a second attempt at reaching agreed-upon goals, then a third session of painting will incur fees at an **additional** rate of \$200/hour to the original price agreed upon.

Time frame to complete painting depends on the current work load of the artist between date of commission until completion. Patience is required and appreciated when creating custom works of art!

Current time frame (10/2007) is 8-10 months if commissioned today.
